## Condensed Notes to the consolidated interim financial report for the half-year ended 31 December 2013

### 1. Summary of significant accounting policies

#### Basis of Preparation

#### Statement of compliance

The half-year financial report is a general purpose condensed financial report prepared in accordance with the Corporations Act 2001 and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

#### Basis of preparation

The condensed consolidated financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2013 financial report for the financial year ended 30 June 2013, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

#### Going concern basis

The financial statements are prepared on the going concern basis, which contemplates the continuity of normal business activities, and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The consolidated entity incurred a net loss of \$256,815 (2012: \$326,125) and incurred negative cash flows from operations of \$172,789 (2012: \$300,250) during the period ended 31 December 2013. As at 31 December 2013 the consolidated entity had an excess of current assets over current liabilities of \$202,312 (30 June 2013: \$226,007), and accumulated losses of \$21,842,032 (30 June 2013: \$21,585,217).

The directors have prepared a cash flow forecast through to February 2015. Based on current cash reserves in place at the date of this report cash flow forecasts indicate that the consolidated entity will only have sufficient cash resources to continue to pay its debts to May 2014. Therefore to continue as a going concern the consolidated entity must raise additional equity around May 2014.

On 19 December 2013 the company announced that it entered into a binding agreement to acquire 100% of White Data Limited ("White Data") in exchange for \$9.1m of shares in the company (based on a notional issue price of 0.2 cents per share) (the "Transaction" or "Acquisition"). The Transaction is subject to certain conditions precedent being satisfied, including the following:

- Company shareholder approval and receipt of an independent expert's report concluding that the acquisition of the company shares by certain White Data shareholders is reasonable to unassociated company shareholders
- Completion of a minimum \$12.5million equity capital raising by the Company
- Receipt of an offer of debt finance to complete construction of the shell and core of the Brisbane data centre and refinance \$4.1m of existing debt
- Re-compliance with Chapters 1 & 2 of the ASX Listing Rules and re-admission to the official list of the ASX.

The Company is currently finalising experts reports, transaction documentation and the due diligence process in relation to the Transaction and this is expected to be completed in early March 2014. The directors anticipate the Transaction will be completed in May 2014.

However, to complete the Transaction, the consolidated entity will need to incur additional cash outflows over and above the nominal cash outflows. Depending on the level of expenditure incurred in relation to the Transaction or future investment activities, the consolidated entity may expend its cash reserves before May 2014 when the funds from the Transaction are received.

Accordingly it is reasonably likely that additional funds will need to be required to provide sufficient working capital to the consolidated entity to complete the Transaction.

Notwithstanding the circumstances and budgeted expenditure outlined above, the directors, based on discussions with their advisors, are confident that the consolidated entity will be able to raise additional equity to fund the activities outlined above.

Accordingly the financial report has been prepared on the going concern basis based on the following assumptions:

- The ability of the consolidated entity to raise further equity, where necessary, to fund working capital, and the acquisition of White Data Limited and;
- The successful completion of the acquisition of White Data including the capital raising and following completion of the acquisition generation of sufficient cash flows to fund its operations.

In the event that the above initiatives do not eventuate or do not generate sufficient cash flows from operations there is significant uncertainty as to whether the consolidated entity will be able to continue as a going concern.

If the consolidated entity is unable to continue as a going concern it may realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different from those stated in the financial statements.

The financial statements do not include adjustments, if any, relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the consolidated entity not continue as a going concern.

#### **Standards and Interpretations affecting amounts reported in the current period (and/or prior period)**

The following new and revised Standards and Interpretations have been adopted in the current year and have affected the amounts reported in these financial statements.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half year. - AASB 13 'Fair Value Measurement' and AASB 2011-8 'Amendments to Australian Accounting Standards arising from AASB 13'
- AASB 119 'Employee Benefits' (2011) and AASB 2011-10 'Amendments to Australian Accounting Standards arising from AASB 119 (2011)'

- AASB 2012-5 'Amendments to Australian Accounting Standards arising from Annual Improvements 2009–2011 Cycle'
- AASB 2012-10 'Amendments to Australian Accounting Standards – Transition Guidance and Other Amendments'

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Group's accounting policies and has no effect on the amounts reported for the current or prior periods.

## **Independent Auditor's Review Report to the members of IM Medical Limited**

We have reviewed the accompanying half-year financial report of IM Medical Limited, which comprises the condensed consolidated statement of financial position as at 31 December 2013, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, selected explanatory notes and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 6 to 15.

### *Directors' Responsibility for the Half-Year Financial Report*

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of IM Medical Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Auditor's Independence Declaration*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of IM Medical Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

## *Conclusion*

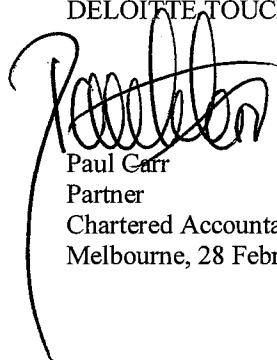

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of IM Medical Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

## *Material Uncertainty Regarding Continuance as a Going Concern*

Without modifying our conclusion, we draw attention to Note 1 in the financial report which states that the consolidated entity incurred a net loss of \$256,815 (2012: \$326,125) and incurred negative cash flows from operations of \$172,789 (2012: \$300,250) during the period ended 31 December 2013. As at 31 December 2013, the consolidated entity had an excess of current assets over current liabilities of \$202,312 (30 June 2013: \$226,007), and accumulated losses of \$21,842,032 (30 June 2013: \$21,585,217). These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty that may cast significant doubt about the consolidated entity's ability to continue as a going concern and therefore, the consolidated entity may be unable to realise its assets and extinguish its liabilities in the normal course of business.
